

Brugerdefineret menu

”Tomt” menupunkt som ”holder” for dropdown-menupunkter.

Laves ved hjælp af brugerdefinerede links:

Udseende > Menuer

The screenshot shows the Joomla! administrator interface for the 'Henning' site. The left sidebar has 'Udseende > Menuer' selected. The main content area is titled 'Menuer' and contains several sections: 'Temaets menuområder' (Theme menu areas), 'Brugerdefinerede links' (User-defined links), 'Indlæg' (Articles), and 'Sider' (Pages). A yellow callout box points to the 'Udseende > Menuer' menu item in the sidebar. Another yellow callout box points to the 'Brugerdefinerede links' section, which includes fields for 'URL' (http://) and 'Etiket' (Menupunkt).

Start med at kontrollere dine skærmindstillinger

The screenshot shows the Joomla! administrator interface for the 'Henning' site, specifically the 'Skærmindstillinger' (Screen Settings) page. The left sidebar has 'Udseende > Menuer' selected. The main content area is titled 'Menuer' and contains several sections: 'vis på skærm' (display on screen), 'vis udvidede menugenskaber' (display extended menu properties), 'Temaets menuområder' (Theme menu areas), 'Brugerdefinerede links' (User-defined links), 'Indlæg' (Articles), and 'Sider' (Pages). The 'vis på skærm' section has checkboxes for 'Temaets menuområder', 'Brugerdefinerede links', 'Indlæg', 'Sider', 'Kategorier', and 'Indlægstags'. The 'vis udvidede menugenskaber' section has checkboxes for 'Linkmål', 'CSS klasser', 'Linkrelationer (XFN)', and 'Beskrivelse'. The 'Temaets menuområder' section has a dropdown menu set to 'Hovedmenu' and a 'Gem' button. The 'Brugerdefinerede links' section has fields for 'URL' (http://) and 'Etiket' (Menupunkt).

1. Indtast en fiktiv URL f.eks. <http://www.www.dk>
2. Giv linket den etiket (navn), som skal vises i menuen.
3. Klik på "Tilføj til menu"

The screenshot shows the WordPress admin interface for the 'Henning' theme. The 'Menus' screen is active, showing the 'Hovedmenu' configuration. In the 'Brugerdefinerede links' section, the 'URL' field is filled with 'http://www.www.dk'. A yellow callout box points to this field with the following text:

1. Fiktiv URL
2. Etiket (navn)
3. Tilføj til menu

Så er punktet i menuen – klik på "Gem menu"

The screenshot shows the same WordPress admin interface as above, but now the 'URL' field is empty and the 'Etiket' field contains 'Menupunkt'. A yellow callout box points to the 'Gem menu' button in the 'Brugerdefinerede links' section with the following text:

Gem menu

Slet den fiktive URL og gem menuen.

The screenshot shows the WordPress admin interface for the 'Henning' site. The 'Menus' screen is active, showing the 'Hovedmenu' configuration. The 'URL' field is highlighted with a yellow callout bubble containing the text 'Slet den fiktive URL'. Another yellow callout bubble points to the 'Gem menu' button with the text 'Gem menuen'. The interface includes a sidebar with navigation options like 'Indlæg', 'Medier', 'Links', 'Sider', and 'Udseende'. The main content area shows the 'Hovedmenu' configuration with fields for 'Menu navn', 'Holder', 'URL', 'Menutitel', 'Linkmål', 'Samme vindue eller fane?', 'Linkrelationer (XFN)', and 'Beskrivelse'. There are also sections for 'Brugedefinerede links' and 'Indlæg'.

Menupunktet er nu klart til at blive brugt som "holder" (der kan ikke klikkes på det) for andre menupunkter.

The screenshot shows the WordPress admin interface for the 'Henning' site. The 'Menus' screen is active, showing the 'Hovedmenu' configuration. The 'URL' field is empty. The 'Holder' field is set to 'Brugedefineret'. The 'Test-2' and 'Test-1' menu items are visible in the 'Holder' field. The interface includes a sidebar with navigation options like 'Indlæg', 'Medier', 'Links', 'Sider', and 'Udseende'. The main content area shows the 'Hovedmenu' configuration with fields for 'Menu navn', 'Holder', 'URL', 'Menutitel', 'Linkmål', 'Samme vindue eller fane?', 'Linkrelationer (XFN)', and 'Beskrivelse'. There are also sections for 'Brugedefinerede links' and 'Indlæg'.

The screenshot shows the WordPress front-end for the 'Henning' site. The 'Holder' menu item is highlighted, showing a dropdown menu with 'Test-2' and 'Test-1' items. The main content area shows the 'Hej Verden!' post, dated 'Udgivet den 29. august 2011'. The interface includes a sidebar with navigation options like 'Forside', 'Eksempelside', and 'Arkiver'. The main content area shows the 'Hej Verden!' post with a 'Log ind' button.
